

Buckeye Vision Care Mutual Respect Policy

It has always been the goal at Buckeye Vision Care to provide quality service and products to our patients. In that process, it is expected that everybody involved show mutual respect to each other, no exception.

We are committed to ensuring that everyone is treated with dignity and respect. It is important both for the patients, as well the staff and doctors. Failure to show respect can be shown in many ways including swearing, yelling, threats, harassment, etc. Failure to meet the Mutual Respect Policy will result in removal from the practice. In signing this, you are agreeing to participate in the Mutual Respect Policy at Buckeye Vision Care.
